The Ordinance for Widening Diamond Alley Was Passed

BY SELECT COUNCIL YESTERDAY.

No Block Asphalt Pavements Will be Laid in Pittsburg.

### PROTEST AGAINST MAKING RIVER PARK

A special meeting of both branches of City Councils was held yesterday afternoon to consider unfinished business. The matter of prime interest was the ordinance for widening Diamond street, which had been passed by Common Council and was to come up in Sclect. When the ordinance was taken up Mr. Fitzsimmons presented a remonstrance signed by several property owners and others doing business on the street. The ordinance and remonstrance were both read, and then Mr. Fitzsimmons said that while he was in favor of public improvements generally he thought the city should go very slow in a matter of such magnitude as this. The parties who had signed the petition for widening were gen-erally owners of small properties and it was very doubtful if the city would not have to pay a large proportion of the cost of the improve-ment. In fact, he said, it was doubtful if the improvement was not purely local, and in that case it would be a hardship on the taxpayers of

the city to pay for it.

The Board of Viewers had reported that the property along the street would be suffi-ciently benefited to pay the cost of the iment, but there was a strong doubt that in this case those property holders who opposed the widening could not be compelled to pay their share. Mr. Fitzsimmons moved to post-pone action on the ordinance until a majority of the property holders on Diamond street, be-tween Smithfield street and the Market square, should netition for the widening of the street. He said the matter would be opposed in the courts anyhow, and it would be much better to have a majority than the mere one-third re quired by the street act.

THE ORDINANCE PASSED. There was no second to Mr. Fitzsimmons' motion to postpone action, and the ordinance was then placed on third reading and final passage. It was adopted by the following vote: Ayes-Messrs, Anderson, Benz, Brophy, Cave-mangh, Collins, Boyle, Evans (D. P.), Evans (C.), Glilespie (J. H.), Haslett, Jones, Keating, Matthews, Miller, Murphy, McCord, McKinley, Nesbitt, Paul, Perry, Relliy, Robertson, Rohr-kaste, Treusch, Warmenstie, Wanen, Watson, Williams, Wilson, Ford-20. Noes-Messrs, Braun, Fizzimmons and Lam-bie-3.

A big discussion took place on the approval of report of the Board of Awards on the letting of contracts for street improvements. The principal objection was to the award to Booth & Flinn for improving Denniston avenue with asphalt. Mr. Warmcastle presented a remonstrance, signed by 21 property holders on that street, representing 1880 of the 3000 feet from, protesting against the contract being awarded to Booth & Flinn. It was claimed that Howard & Long, representing the Asphalt Block Company of Philadelphia, had bid 75 cents per square yard less than Booth & Flinn, and had guaranteed their work for five years, while Booth & Flinn gave no guarantee at all. It was also alleged that Booth & Flinn's pavement was composed of a mixture of asphalt and coal tar, the latter ingredient being unfit for such use, as it was certain to disintegrate in a short time.

NO BLOCK ASPHALT WANTED. Mr. Warmcastle moved that the request to refer the award back to the Board of Awards be granted, and that Select Council non-concu

with Common in the approval of the report of the Board of Awards, the Board of Awards.

A lengthy discussion followed, in which nearly all the members took part. At the suggestion of Mr. Lambie Chief Bigelow was sent for and interrogated as to why the contract had not been let to the lowest bidder. He said that the Board of Awards had carefully considered the bids and the petitions and had awarded the contract to Booth & Flinn because they furnished the best payeneous and were they furnished the best payeneous and they furnished the best pavements and were the best bidders. In answer to a question he said that the asphalt block pavements were the peorest the board had seen when it was on its poorest the board had seen when it was on its tour of inspection in other cities a few weeks ago. Asphalt blocks, he said, were made of asphalt, sand and crushed stone pressed into blocks, but they would not stand near the wear of other kinds of asphalt pavements. The question of whether the Board of Awards should be interfered with was next discussed at some length, and then the vote was taken on Mr. Warmcastle's motion. The result showed 5 for and 27 against the motion, Mesars. Cavenaugh, Fitzsimmons, Gillespie, Warmcastle and Watson voting in the affirmative.

castle and Watson voting in the affirmative.

The contracts for sewers on Mignonette and
Howard streets, which had been let to E. F.
Hughes, were not approved, and were referred
back to the Board of Awards. A resolution
instructing Chief Bigelow to permit the Second Avenue Passenger Railway to construct a
double track on Second avenue between
Maurice street and Hazlewood avenue, and a
single track from Hazelwood avenue to Glenwood, was adopted.

A remonstrance signed by several steamboat
owners, coal operators, manufacturers and
residents on Duquesne way, protesting against
the use of a part of the Allegheny river wharf
for a park, was presented and filed.

MATTERS IN COMMON COUNCIL. MATTERS IN COMMON COUNCIL.

In Common Council, the report of the Board of Awards was the first matter considered. All the contracts for street paving were approved without dissent, except that for grading, pay-ing and curbing Denniston avenue. The petition from citizens along the street setting forth that Long & Co.'s bid for block asphalt was 75 cents per yard lower than Booth & Films's bid, was presented in the same shape as in Select Council. After some discussion, the contract was approved, and Booth & Films will do the

work.

Several ordinances for opening streets were passed. Ordinances were passed, finally, for grading, paving and curbing Broad street, for sewers on South Twenty-fifth street and Green street. The ordinance for grading, paving and curbing Copeland street passed second reading, and was laid over. The ordinance for employing police matrons was laid over until September.

## OPPOSED TO STREET CARS.

Every Effort Will be Made Against a Line on Diamond Street.

While many of the large property owners on Diamond alley, between Smithfield street and Market square, are strongly in favor of widen ing the thoroughfare, they are just as strongly opposed to putting a street car track on it. "The street must be widened," said Mr. Irvin Redpath yesterday, "but there shall be no street car track on it. I own a good deal of property on the street, and I am willing to pay my share for the widening; in fact I was one of the persons who got up the petition, but I'll spend every dollar I've got to fight against any effort to put down a street car track."

"The lower part of the city must have some street that is not encumbered in that way. Third avenue, Fourth avenue, Fifth avenue, Sixth avenue and Seventh avenue are all occupied with street car lines, and Diamond street-shall be kept open." ing the thoroughfare, they are just as strongly

Will afford you anything you can call for, at prices at least 20 per cent below any other house in the city. The humblest may therefore celebrate-the poorest appear respectable. Come to us, and no where will your limited store go farther.

Important Notice!

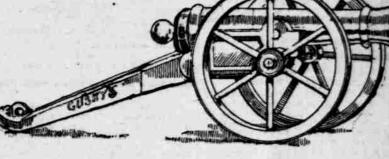

In order to accommodate purchasers, our store will be kept open Wednesday evening next until 9 o'clock, and will close on Thursday, the 4th of July, at 12 o'clock, noon.

Look Out for Our Grand Show Window Display on Tuesday!

It is our intention to display in our large corner show window (corner Market st. and Fourth ave.), next Tuesday, a magnificent and costly group of wax work figures representing President Harrison and his Cabinet. It is the only group of the kind ever produced, and is a master-piece of art none should fail to see.

## SPECIAL INDUCEMENTS.

Remember, with every \$10 Suit and upward, we give a BASEBALL TICKET to any one champion game during the season at Recreation Park, and in our Boys' and Children's Departments, on every purchase of \$2 and over we give a fine FIRE-CRACKER CANNON (as illustrated above), neat, new and novel-being worth at least \$1 in any ordinary Toy Store.
